

DUO-POLE ENTERPRISES (PVT) LTD

COMPANY PROFILE

BACKGROUND

Duo-Pole is a wholly owned Zimbabwean company registered in terms of the Companies Act, to provide quality guaranteed engineering and industrial solutions.

We have an excellent supply chain of leading international brands that enables us to provide a wide range of best quality products, on time at the best price. Being close to the market means we become more customer-centric and a reliable partner. Being able to recognise local market demands and dynamics reinforces our basis of being a value-added partner and supplier.

Our financial target system focuses on profitable growth for our trading partners, driven by efficiencies in our procurement strategy that delivers cost savings for our customers. We have an expert team that that will help you find the perfect product from our wide range of trusted brands, to get your next project delivered on time, efficiently and within budget.

We serve all economic sectors including; Water System, Agriculture, Manufacturing, Construction, Mining, and Municipalities as well as residential.

- Whether you need drinking water

for community or process water for an industrial facility, Duo-Pole has a sustainable solution for your project.

- Typically, mines are recognised as being amongst the harshest environment on the planet. Critical environment, solid contaminated (dust) and severe processes are only some of the challenges present in a mining plant. Just let us know what you need. We will provide you perfect package services.
